OUR KETTERING AND BELMONT PRACTICES HAVE EVERYTHING YOU NEED

If you’ve been searching for a dental practice for your entire family, look no further. When it comes to a healthy smile, Dr. Callejo provides everything that you and your family could ever need. Our practices have served more than three generations of patients, because they just keep coming back! Whatever your needs, cosmetic, reconstructive, or structural, we will address them all. Dr. Callejo provides:

SEDATION DENTISTRY

Dr. Callejo is a licensed sedation dentist in Ohio. You may select from inhalation, oral, or conscious IV sedation during your dental treatment. With sedation dentistry, we enhance your level of comfort, and keep your mind at ease when you’re anxious or if you need a lot of procedures. [\[Read more...\]](#)

COSMETIC DENTISTRY

You deserve a smile you’re proud of. Crooked, discolored, or misshapen teeth are easily corrected with our cosmetic dental options. We offer porcelain veneers, teeth whitening, and composite bonding to enhance your smile and change your life. Dr. Callejo even offers Botox and Juvederm! [\[Read more...\]](#)

IMPLANT DENTISTRY

Dental implants are an exceptional choice to replace missing teeth. We utilize If you’ve been searching for a dental practice for your entire family, look no further. When it comes to a healthy smile, Dr. Callejo provides everything that you and your family could ever need. Our practices have served more than three generations of patients, because they just keep coming back! Whatever your needs, cosmetic, reconstructive, or structural, we will address them all. Dr. Callejo provides: cutting-edge 3D cone-beam technology so Dr. Callejo can even place implants for certain patients who have been told implants were not an option. [\[Read more...\]](#)

GENERAL & PREVENTIVE DENTISTRY

For a healthy, lasting smile, we believe it’s essential to begin our relationship with comprehensive exams and screening techniques. The benefit is twofold: we identify concerns in their earliest stages, and we have a baseline understanding of your mouth that makes it easy for us to track and treat problems as they arise. Our preventive care appointments keep your smile fresh and your teeth healthy. [\[Read more...\]](#)

ORTHODONTICS

Are you dreaming of a straighter smile? We offer adult orthodontic services like Invisalign to help our patients straighten their teeth without the use of traditional metal braces. Invisalign treatment is convenient, comfortable, and easier than you might think. [\[Read more...\]](#)

RESTORATIVE DENTISTRY

We try to address cavities and other problems in their earliest stages to make your smile last. Our minimally invasive, tooth-colored materials allow us to provide treatments like crowns, fillings, and bridges that blend perfectly with your natural smile. Specialty services like implant placement and root canals are also available. [\[Read more...\]](#)
